

CATEGORY: NATIONAL GUIDELINES

Cervical cancer screening in Australia and New Zealand

1. Introduction

5. Useful Links

a) Australia

Both long-form and short-form versions of the Australian National Cervical Screening Guideline are available at the following link: https://wiki.cancer.org.au/australia/Guidelines:Cervical_cancer/Screening

a) New Zealand

Details of the NZ NCSP can be found on the Ministry of Health website.

<https://www.nsu.govt.nz/health-professionals/national-cervical-screening-programme/clinical-practice-guidelines-cervical>

The MOH website also provides updates on the roll out of the planned primary HPV screening program.

Dr Kristy Milward	Member and Councillor
Dr Will Milford	Member and Councillor
Dr E7 0 0 1 77.6641no7 10 0y238 6001 450K9	Member and Councillor

Appendix B Overview of the development and review process for this statement

i. Steps in developing and updating this statement

This statement was originally developed in November 2006 and was most recently amended in July 2020. ~~The Women's Health Committee carried out the following steps in reviewing this statement:~~

Declarations of interest were sought from all members prior to reviewing this statement.

An updated literature search was undertaken.

At the July 2020 committee meeting, the existing consensus-based recommendations were reviewed and updated (where appropriate) based on the available body of evidence and clinical expertise. Recommendations were graded as set out below in Appendix B part iii)

ii. Declaration of interest process and management

Declaring interests is essential in order to prevent any potent

Appendix C Full Disclaimer

This information is intended to provide general advice to practitioners, and should not be relied on as a substitute for proper assessment with respect to the particular circumstances of each case and the needs of any patient.

This information has been prepared having regard to general circumstances. It is the responsibility of each practitioner to have regard to the particular circumstances of each case. Clinical management should be responsive to the needs of the individual patient and the particular circumstances of each case.

This information has been prepared having regard to the information available at the time of its preparation, and each practitioner should have regard to relevant information, research or material which may have been published or become available subsequently.

Whilst the College endeavours to ensure that information is accurate and current at the time of preparation, it takes no responsibility for matters arising from changed circumstances or information or material that may have become subsequently available.
